Michael D. Higgins, President of Ireland

Dear Kilmacud Crokes GAA Club,

On behalf of the Irish Cancer Society and the thousands of people who benefit directly from our services, thank you. Movember is all about having fun, while raising awareness for men's health and essential funds for Action Prostate Cancer. We are delighted to say your grand total is €1,705 - THANK YOU!

Funds raised throughout Movember allow the Irish Cancer Society the ability to increase the awareness of prostate cancer in Ireland. We've been able to fund very important prostate cancer research and we've also been able to provide, through our National Cancer Helpline, a prostate cancer service for men.

Prostate cancer is the most common cancer in men in Ireland, with 1 in 8 men developing the disease in their lifetime. Each year, over 3,000 men are diagnosed with prostate cancer in Ireland, and this incidence is projected to increase to nearly 19,000 by the year 2020. By supporting Movember, you are making a positive difference to people affected by prostate cancer now, and those who may be diagnosed in the future.

All our services are free thanks to your generosity. Once again, a huge thank you for your support and efforts this Movember. Together we can stop men dying too young!

With grateful appreciation,

**John McCormack**  
Chief Executive Officer
