**MERCURY**  
Cloud Communications Made Easy

"Mercury Remote Worker" from Phone Pulse allows **any company** irrespective of their phone system to enable Remote Working.

Built from our Mercury cloud-based phone system, **all staff** can now work from outside the office using a smartphone app, desktop application or IP desk phone; as if being in the office.

Calls to the office are now routed by Mercury to staff in the same fashion as with your current phone system. Staff also have the ability to call or transfer calls to other Mercury users.

This solution also comes with Auto Attendant and Voicemail (to email) to allow the business to replicate its current setup.

There is an initial small setup charge and a monthly fee per user plus call charges.

Remember this works with **ANY phone system** so if you would like to learn more contact us on:

01-2863998 or [sales@phonepulse.ie](mailto:sales@phonepulse.ie)
